### **Acknowledgements**

Many thanks to Mary Polacco and Steve Schroeder for handling the major effort of assembly and printing of the program. Thanks go the Missouri Maize Group for competently helping the Co-Chairs pull this meeting off. The meeting was outsourced to the MU Conference Center, and ably handled by Sue Brouk. Thanks to Marty Sachs for catching all the little details that matter not only for local arrangements but the overall meeting as well. Thanks go to the maize community for being a great, cooperative group of scientists to work with.
